

News:

EU not doing well on SDG5 and 6.

Recently EUROSTAT published its report on 2020:

All the more reason why advocacy efforts from Women for Water, European Pact for Water and partners like EU Water alliance towards the European parliament and the European Commission are so important. Background information on that can be found on the websites of WfWP and EUWA:

www.womenforwater.org

and

<https://eu-wateralliance.eu/>.

Get involved and forward the information please, so also at national level these issues will be discussed.
