

Privacy policy Women for Water Partnership

WfWP processes personal data in compliance with applicable laws in the Netherlands (because that is where we are based) and Europe, to the best of our ability.

Who have access to our information and who do we inform?

Nobody outside our organization unless we are required to do so by law or contract or after explicit consultation and permission.

Where and how do we store information?

The data we have are stored in our paperless archive, are only accessible to employees. Because of legal requirements some information is also stored in a paper archive. We use all data only for the purposes for which they were collected. In connection with tax laws, the retention period for our records is 7 years.

What information do we store from whom?

Information of the Steering Committee members

Name, date of birth, address and contact information (as required by the chamber of commerce) and a summary of their profile, their term of office and a copy of their current passport or ID. They are made available to the Chamber of Commerce and stored for reporting purposes to donor agencies, the accountant etc. A summary of their profiles is published on our website. In all other cases we do not give out this information unless required by law or contract and after we have informed the persons concerned.

Information of the member organisations

General data of the member organisations are being stored in our archives, including their legal registration and constitution. Also personal data of the delegates representing the member organisation such as name and contact information. On the website a list of our members is being published and in some cases pictures of their activities.

Information of donor agencies

General data of the respective donor organisation, contact information of the account manager and the contract are stored in our archives. Names of donor agencies are being published in an annual report or accounts when required by law or on request of the respective donor. If a donor does not want to disclose its name, that request will be respected.

Information of partner organisations

General data of the respective organisation, contact information, memorandum of understanding. In some cases that memorandum contains agreements on what will be published where and how.

Information of employees
