WfWP Myanmar + Soroptimist International Myanmar Club
• WfWP consists of **24 women’s organisations** and networks in South America, the Caribbean, Africa, Asia and West- and Eastern Europe. Many of them are **umbrella organisations**.

• The members of WfWP are very diverse, ranging from women for water professionals to service organisations, business and professional women, grassroots organisations and lobby & advocacy groups.
Soroptimist International is an organization in which professional women from over 125 countries around the world are connected.

The strength of the Soroptimists is their network and mutual goodwill and understanding. Within every country, every village, the Soroptimists can start up and monitor projects.

The women are accompanied and supported by a local Soroptimist. Always receiving support regarding development and financial implications. That’s what makes us strong and what makes our projects successful.
Established in 2013 with 10 EC members.

Initially it has 13 clubs and at present it has 40 clubs.

Each club has one leader and at least 5 members to unlimited number of members.

Number of Clubs continuously growing.
